

## GATES SAID HE KNEW NOTHING

As a Consequence He Was Excused From Testifying.

LONG DRAWN OUT HEARING

NO TELLING WHEN SHIP-BUILDING INQUIRY WILL STOP.

New York, Dec. 23.—At the opening of the United States ship-building hearing today Counsel Untermeyer took up the subject of the publication of the Alexander correspondence, declaring that, so far as he knew, neither himself, his associate counsel nor any one connected with his office had anything to do with giving the correspondence to the press.

"However," he continued, "I do not see how the question of contempt of court in the publication of this report can be raised in anything but a Pickwickian sense."

He said that he had learned that no less than fifteen copies of the correspondence had been made and distributed broadcast in New York; that he himself had had his copy only during the examination of this report and that the correspondence had been offered for sale in newspaper offices in New York.

"Under such circumstances," he continued, "it is absurd to claim that such correspondence is privileged."

During Mr. Untermeyer's extended remarks on the subject referred to the alleged "lack of courtesy" shown by opposing counsel and "efforts to sidetrack the real issues in the case."

"At another time," he added, "we shall be very glad to go into this matter."

Objection Sustained.

Mr. Guthrie, replying, declared that he had summoned three witnesses from the paper (the World), which published the correspondence yesterday, and asked permission to go into the matter, but Counsel Untermeyer objected to this subject being injected into the hearing. Referee O'Hanlon sustained the objection and directed that the complainant's next witness, Alfred Rose, an accountant who made an examination of the Bethlehem Steel company for Receiver Smith, be called. Mr. Guthrie entered a protest against the exclusion of his newspaper witnesses and announced his intention of bringing the matter before the court.

Mr. Rose testified as to the financial status of the Bethlehem company from July 21, 1900, to October, 1902, his information prior to July 21, 1902, being derived from reports of officers of the firm. For the year and three months then he made a direct personal investigation.

During a pause in the examination Mr. Guthrie brought up another sensational extraneous matter, namely, that he had been informed that the process server who served a subpoena upon John W. Gates yesterday had used Mr. Guthrie's card to gain access to Mr. Gates. Mr. Untermeyer said that the subpoena had been served by an employee of his office and that if he had resorted to any such unprofessional conduct he would be immediately discharged.

Mr. Gates was to have been examined today and appeared at the hearing, accompanied by his counsel, but upon stating that he knew nothing of the matter on which Mr. Untermeyer desired to interrogate him, he was excused.

### NIXON INTERVIEWED.

Statement of Schwab Said to Be Maliciously False.

New York, Dec. 23.—The following authorized statement was given out today at the office of Lewis Nixon:

"Mr. Nixon has had many inquiries as to his views relative to Mr. Schwab's answer of yesterday, and so gave out the following statement:

"There are so many of his (Schwab's) statements that run counter to my recollection that had best be cleared up on the witness stand."

"However, that I ever gave him or showed to him a so-called prospectus on June 14, or that I in any way misled him, is not only ridiculous, but maliciously false. I was anxious to keep the company going. Having sold none of my bonds or other securities, all my interests were tied up in its success, and it would have been a success had any of the old which a constituent company is expected to give been forthcoming from Bethlehem."

### ANDREWS FULL OF HOPE.

Will Make Restitution as Far as He Is Able.

Detroit, Mich., Dec. 23.—Frank C. Andrews, former vice president of the wrecked City Savings bank of this city, who was released from the state penitentiary on parole at midnight, arrived at his home here today. In a statement he said:

"My first care will be to clear up the tangle of controversies and end the legal tangles, the continued publicity of which is placing the banking institutions of Detroit in a bad light."

"I'll work night and day until I have paid every penny I owe. It is the ambition of my life to bring about that day. I go out equipped with good health, energy, experience and youth."

### DESIGNS FOR NEW STAMPS.

Washington, Dec. 23.—The postoffice department has decided upon designs for the St. Louis World's fair stamps, which will bear portraits as follows: One-cent, Robert R. Livingston, minister to France, who conducted negotiations for the Louisiana purchase; 2-cent, Thomas Jefferson; 3-cent, James Monroe, who with Livingston concluded the negotiations; 5-cent, President McKinley; 10-cent, map of the United States, showing the territory purchased from France.

### Cured Paralysis.

W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frostbites and skin eruptions. It does the work." 25c, 50c and \$1.00. Sold by Z. C. M. I. Drug Dept.

### BACK TO ENGLAND.

Skilled Glass Blowers Barred by Contract Labor Law.

Washington, Dec. 23.—Secretary Cortelyou has ordered the deportation of the skilled glass blowers from Stourbridge, England, who were detained at Ellis island under the alien contract labor law. They landed at Montreal and were bound for Corning, N. Y. They appealed to Secretary Cortelyou from the action of the immigration authorities, and their cases practically were assumed by a glass manufacturing company of Corning, which, according to the British board of special inquiry, had contracted explicitly or impliedly for their services or had induced their immigration to the United States. The action of the board is now affirmed in all the cases, it being held that the company had not shown such diligence in seeking like labor in the United States as would justify it in importing labor from abroad.

### PERILS OF THE DEEP.

Exciting Voyage of the Hamburg-American Liner Bleucher.

New York, Dec. 23.—The Hamburg-American liner Bleucher docked today after an exciting voyage. During a storm that night out from Hamburg, while she was running in a dense fog at only half speed, with foghorns blowing, she was run into by a 1,500-ton tramp steamer and a hole stove in her bow. The forward compartment was flooded and the ship had to delay one day in Cherbourg to have new plates fitted. After leaving Cherbourg she ran into a stiff northwest gale. On the night of the 19th, when the fury of the storm had reached its climax and the Bleucher was rolling and pitching furiously, a panic among the steerage passengers was only averted by prompt action on the part of the officers. The steerage passengers feared the vessel would sink.

### PROTECTION VICTORY.

Another Chamberlain Man Elected to Parliament.

London, Dec. 23.—Rowland Hunt, liberal-unionist and a supporter of Joseph Chamberlain's fiscal policy, has been elected to represent the Ludlow division of Shropshire in the house of commons to succeed Robert J. Moore, liberal-unionist, deceased, by a majority of 970 votes. At the last election Mr. Moore was elected without opposition, but at the previous contested election his majority was nearly 4,000. The issue was clear cut. The contest was fought exclusively on the fiscal question. The constituency was divided with organizers and speakers from Birmingham and representatives from the Free Food league.

"I was much afflicted with sciatica," writes Ed. C. Nud, Iowa, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons; all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." Use, 50c and \$1.00. Sold by Z. C. M. I. Drug Dept.

Something for everybody at a reasonable price at Park's Jewelry Store.

## MADE NO EFFORT TO COMPROMISE

Chicago Liverymen Will Open For Business Today.

POLICE WILL PROTECT THEM

ALL DRIVERS WILL LOOK ALIKE HEREAFTER.

Chicago, Dec. 23.—The struggle between the Liverymen's and Undertakers' associations and the Livery Drivers' union, which for the past six days has seriously interfered with the burial of Chicago's dead, as no hearses or carriages have been available for funerals, is to be a fight to a finish, all efforts looking to a settlement of the strike by conciliation having been abandoned tonight. For the past two days the prospects for a settlement by arbitration seemed bright, but today the contending parties drifted farther apart than ever and all peace negotiations have been declared off by the employers.

### Open Shop Principle.

At a meeting tonight of the employers affected by the strike it was decided to open for business tomorrow morning on the "open shop" principle, and employ union or non-union men. Before this decision was reached arrangements were made to petition one of the circuit court judges the first thing tomorrow for an injunction restraining the strikers from interfering with the business of the employers. The conservative element at the meeting worked hard to prevent the opening of stables, but was defeated. It was proposed to make overtures to the strikers on an arbitration basis. This was not given heed by the more radical element, who expressed itself as being tired waiting for such a move on the part of the men. The union officials predict trouble when the "open shop" plan is tried.

### Protection Promised.

In anticipation of opposition by the union employers tonight called upon Chief of Police O'Neill for further police protection against violence and picketing. In reply Chief O'Neill said: "The police have been ordered to extend to you the utmost protection in carrying on funerals. If you experience the slightest trouble call up the nearest police station, and if that does not help, call me up."

Chief O'Neill's plan is to have policemen accompany all funerals in cabs. Members of the association said tonight that should the police fail to maintain order the sheriff would be called upon for protection, and should that fail the governor will be appealed to to supply militiamen.

### LIABILITIES \$962,652.

Boston, Dec. 23.—As a sequel to the failure of Worcester & Southbridge, and Worcester, Rochdale & Charlton, depot street railways and allied concerns, several months ago, Frank D. Perry of Worcester, former treasurer and practical manager of the lines, filed a petition in bankruptcy today. Perry estimates his liabilities at \$962,652 and his assets at \$42,257.

### DETECTIVE WAS ASLEEP.

Shackled Prisoner Escapes at Umatilla, Ore.

Portland, Ore., Dec. 23.—Shackled with leg irons and adorned perhaps in night, but his night clothes, Thurlow W. Parker, alias Brown, the forger who has been eluding the Portland police detectives for weeks, walked off the southbound Oregon Railroad & Navigation train early this morning at Umatilla station and made his escape while Detective Joe Day slumbered in a Pullman palace berth. The officer retired at 9 o'clock last night, leaving his prisoner in charge of a negro porter, who went to sleep. Parker took advantage of the porter's slumber to make his escape.

Parker, who is but 21 year old, is the son of wealthy parents at Deer Lodge, Mont. He forged more than \$500 worth of checks in Portland about six weeks ago in the most reckless fashion. He was located in Helena and arrested. Detective Day, who has been connected with the local police force for twenty-six years, was sent after him.

### HORSE AND HORSE.

Prince and Princess Each Charged With Infidelity.

Dresden, Dec. 23.—The court has dissolved the marriage of Prince Frederick and Princess Alice of Schoenburg-Waldenburg.

The princess, who is a daughter of Don Carlos, the Spanish pretender, was reported some time ago to have eloped with her coachman, but this was denied from several sources and she began divorce proceedings against Prince Frederick on the ground of bodily injury and forcible deprivation of her liberty. The prince and princess were married by the present pope while he was patriarch of Venice, and the prince and princess expect that the pontiff will agree to the dissolution of the marriage.

The court simply announced the decree of divorce without explanation of the reasons. The proceedings were in secret, although no concealment was made of the fact that each side accused the other of infidelity.

### A Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take medicine into the system that will remove the cause of sickness, and illness will leave of itself. Dyspepsia, indigestion, sick-headache, biliousness have their foundation in stomach disorder. Remove this weakness and the other symptoms are no more. There is one cure for this that all druggists sell for 25c per box. It is Dr. Gunn's Improved Liver Pills. They get right at the beginning of these diseases and make the cure by taking away the cause. Nelden-Judson Drug Co., Distributors.
